TODD TALK

As we progress into the last half of 2022, I wanted to take a few minutes to share with you some of the exciting things that we are doing to upgrade your Credit Union experience. We are in the process of improving our data processing system to be faster, more user-friendly and to minimize any potential down time. Additionally, this will be held off site to best ensure member service on an ongoing basis and especially in case of a network or technological problem. It will be a very busy and intense time for us, and we cannot wait to see the results of our hard work pay off for the benefit of our members. We are confident that you will see the many benefits with these changes.

Also upcoming for FAA FCU is a new online banking platform that is highly customizable. In fact, it is called **"IT'SME247"** because it is all about you, the member, and how we can make your online experience the very best it can be. Our new mobile app is state-of-the-art, and when available (no later than November 10, 2022) and downloaded to your smart phone or device, you will find that all your banking can be managed in the palm of your hand.

Please check our website for updates on the system upgrade, and feel free to talk with any of our staff. We are excited to bring new financial technology to our members, adding the benefits of greater convenience and more options to enhance your banking experience. One thing that will not change is the personal service and our commitment to your financial success – we will always put our members first!

If you have seen our website, you know that we have recently opened a new branch in Tupelo, MS. We are ecstatic with this expansion to conveniently serve more members. If you are in this area we invite you to check out our Tupelo South branch, 901 S. Gloster St., as well.

On a final note: I am retiring at the end of this year. We are fortunate enough to have a great credit union at present and one that will have a new CEO with character and knowledge to lead us further into the future. Our new CEO will be Angie Vajdak who has over 36 years at FAAFCU.

I have been privileged to serve you over these last ten years. Thank you for your support of our Credit Union and its mission.

Sincerely,

Todd Vanderpool, CEO

LEADERS NEEDED

The health of any organization is largely predicated on the quality of leadership that it possesses. In this vein, FAA FCU has an opportunity for forward thinking members who would like to use their skills in serving others via open positions on both our Supervisory Committee and our Board of Directors in 2023. If interested please contact Todd Vanderpool, CEO, at 901-322-1671.

We Can Ease Your Budget Crunch

The holidays are stressful enough without having to worry about all of the added expenses. Gifts, big meals to plan, out of town guests and regular monthly bills can make the budget a little tight. **Great news!** Our **Skip-A-Payment program** allows you to skip your loan payment(s) to give you some financial relief. Ask us for details and enjoy the holidays.

**Skip-a-Payment extends the payment terms; not all loans qualify*
